

ABOUT GEC GROUP OF COLLEGES

Mahatma Dhule Education Society has established a chain of colleges Nationally and Internationally. In this chain the Gwalior Engineering College popularly known as GEC and Gwalior Institute of Information Technology known as GIIT are established in city as part of GEC Group of colleges. Apart from various social welfare schemes for the benefit of the people, the society plans to provide technical manpower for the national prosperity and improving quality of life of the people through Technical Education.

Members of the Executive Management Team of the Group have a wide range of skills and experience in the training and education field and are actively involved in their respective professional association, maintaining links with colleagues to advance the interests of the college, students and faculty.

AIMS AND OBJECTIVES

The aim of this conference is to take perspective of research and focus on the emerging trends in "Computational Mathematics and its Application to Engineering and Biological Systems"

It shall provide a platform for research workers from mathematics and inter disciplinary areas for discussing the innovation in the working and associated developing strategies in Computational Mathematics.

The focus of the conference will be on the development of new mathematical and computational techniques along with their prospective applications in the problems of Engineering and Biological Systems.
