.....

Sub: Practical Training and Industry Institution Interaction for Bachelor of Engineering Students.

Dear Sir,

Gwalior Engineering College is the first ISO 9001: 2008 certified Engineering College of Gwalior, preparing students for graduation in engineering profession in following streams:

Electronics & Communication Engineering

Computer Science & Engineering

Information Technology

Mechanical Engineering

In the present day environment of liberalization, privatization and globalization, competition is increasing and those Techno-professionals who can apply themselves in improving quality and productivity with available resources can survive. Therefore, need is of quality training.

We would like our student's to do practical training in accordance with course syllabus of State Technical University- RGTU. Your organization is dedicated for quality training we are sure your assistance to students in conduct of on job training will help them in shaping & grooming.

Our student / students Of stream year

Is/are coming for the training at your esteemed industry/organization.

This practical training is compulsory for 3/6 weeks w.e.fas per the curriculum provided by Rajiv Gandhi Technical University & carries sessional & practical marks.

You are requested to conduct training training and certify at the end of training his attendance & performance.

He/ they will also be required to prepare a project report, which should be sent to us duly signed by your good self. An active co-operation& support in this regard will be highly appreciated and the college will ever remain grateful for the same.
